1. General Terms and Conditions

Stöcker Flughafen GmbH & Co. KG (hereinafter “SFG”) levies airport charges in line with this Schedule of Fees & Charges and subject to the following terms and conditions of business. The Liable Party for fees and charges shall be the aircraft operator or alternatively the pilot. The Liable Party shall ensure that SFG has available all information necessary for the orderly billing of fees and charges. Should the aircraft operator be unknown, SFG reserves the right to determine this information and to add the cost for doing so, plus an administration charge, to the invoiced amount.

Even after accepting an order, SFG reserves the right to cancel the order or, not carry out or to discontinue the order when its capacities, in terms of personnel, equipment or vehicles, are otherwise fully used as a result of other obligations within the scope of operational service requirements. The same shall also apply in cases where force majeure, industrial action or natural catastrophe makes the provision and/or the continuation of services ordered impossible.

Services carried out that are included not in this Schedule of Fees & Charges shall be charged separately.

2. Fees and Charges for Handling Services

For handling services provided within published operating hours, as catalogued below, the specified fee is to be paid, plus statutory Value Added Tax. The handling charge is not in any way influenced by the provision of handling personnel, vehicles and equipment by the airline without prior agreement or by the reduction or elimination of aspects of handling effort as a consequence of low load factor or any other cause outside of the airport operating company's control.

A landing or take-off outside of operating hours will be subject to a surcharge of 25% on the basic charges for ground handling services.

Flights which serve as ferry flights in one direction are subject to a reduced rate amounting to 50% of the basic charges for the direction in question.

9. Due Date

All charges arising from this Schedule of Fees & Charges are to be paid in euros in cash, by EC card or by credit card. An exemption can only be granted when the customer has made an advance payment. In special cases, subject to prior agreement with the airport operator, charges may be paid later on invoice. Invoicing shall take place after the service has been provided. Invoices are to be paid without deduction in EUROS to one of the airport operator's bank accounts. In the event of late payment, the airport reserves the right to levy interest for late payment of 8 percentage points above the base rate at the time, in accordance with Article 247 of BGB ("German Civil Code"), and where appropriate to require advance payment in future.

10. Value Added Tax

All charges and fees count as charges ("Entgelte") in respect of Article 10, Paragraph 1 of the Umsatzsteuergesetz ("Value Added Tax Act"). The legal person liable for the charge is therefore liable for Value Added Tax, insofar as no exemption according to the provisions of the Umsatzsteuergesetz is applicable.

11. Liability

The customer (airline, aircraft operator or the person making use of the aircraft) shall be liable to the airport operator for all damages to person and property caused by the behaviour of the customer or the customer's employees and other assistants or representatives during the fulfilment of ordered services.

The airport operator shall not be liable for damage to property arising from or in connection with the provision of requested services or from the provision of equipment, tools and facilities, except where such damage is caused by the negligent or wilful action of the airport operator or its employees or other assistants. This shall also apply in cases where the airport operator assumes responsibility for the care of items of property when such assumption of responsibility is not essential to the provision of the requested service or when an alternative safe storage of the item(s) is available to the customer.

The customer (airline, aircraft operator or the person making use of the aircraft) indemnifies the airport operator against all claims lodged by third parties in association with the provision of services requested, except where these claims arise as a result of the negligent or wilful action of the airport operator or its employees or other representatives or assistants.

12. Place of Fulfilment & Competent Jurisdiction

Any contractual relationship arising between SFG and the airline or the person liable for charges shall be subject exclusively to the laws of the Federal Republic of Germany.

This Schedule of Fees & Charges is published in the German and English languages. In the case of any dispute, the German text alone is binding.

The place of fulfilment and competent jurisdiction is Lübeck, Germany.

Should any part of this Schedule of Fees & Charges be ineffective in law, this shall not make the rest of the Schedule of Fees & Charges ineffective. Legal persons liable for charges not resident in the Federal Republic of Germany with whom the airport has a long-term business relationship are required to nominate a person or representative, resident in the Federal Republic of Germany, who is authorised to accept service of documents. The same shall apply when the legal person liable for charges relocates its official residence outside the Federal Republic of Germany after the commencement of the business relationship.
